MOE KINDERGARTEN @ HORIZON

Hello, Parents & Children!

This activity aims to create awareness, of Singapore's current crisis and recognize who are the frontliners helping to keep the situation under control, such as doctors, nurses and police officers. So parents, let's talk to our children about these 'Superheroes', shall we?

Friends, now that Mummy and Daddy have talked to you about the frontliners, how do you feel? Do you feel thankful to them for keep Singapore safe?
Shall we make something to thank them?
I know! Let's make a medal using recycled materials found at home!
A medal is given to people to honour them for what they have done for the country, so let's make them for our frontliners.

Then, let's have Mummy and Daddy pretend to be frontliners so that we can tell them what we are thankful to them for and present our medals to them!

Let's go!
